The Department of Early Education and Care provides funding for the Massachusetts Child Care Resource and Referral Agencies (CCR&R) to provide information for families seeking information about financial assistance options and high-quality early education and care programs. Massachusetts Community Partnerships for Children (CPC) Programs also provide these services, to contact CPC, please go to:

The message (in both English and Spanish) will ask you to enter your home zip code and then connect you with the correct CCR&R.

SERVE New England

www.servenewengland.org

SERVE New England is a program designed to promote volunteer service by offering deep discounts on the highest quality grocery, meat, and vegetable items to community-minded individuals willing to volunteer 2 hours of their time each month to a worthy cause. We have over 350 chapter sites located throughout the six New England states. SERVE has no eligibility requirements other than the 2 hours of volunteer service. Our program is open to people of all ages, races, and income levels.

SERVE's Food Cooperative

Register at a local SERVE Chapter, such as a church, school, council on aging, or other community agency listed. SERVE New England purchases food, for all those who register, directly from manufacturers, wholesalers, and N.E. farms through a unique bulk buying system. Participants complete 2 hours of community service for each food package purchased. SERVE New England coordinates the distribution of food to the Chapters, which in turn distribute packages locally. Participants pick up their order at the Chapter. You may also place your order on our web site.

Housing Opportunities

Housing Authorities

Public Housing

Public housing is affordable government-owned rental housing for low and moderate-income families and individuals, seniors, and people with disabilities.

Section 8

A federal government housing assistance program for low-income families and individuals. Section 8 assistance may be in the form of rent vouchers given to tenants to help pay their rent; homeownership assistance to help pay a mortgage loan; or project-based subsidies used to keep rents low in specific private housing developments. Only one application is required for the state of Massachusetts, covering approximately 60 housing Authorities.

Massachusetts Rental Voucher Program (MRVP)

A state-funded rental assistance program for low-income families and individuals. The MRVP offers tenant-based vouchers that can be used for any approved apartment, and project-based vouchers that are restricted to certain rental units or developments. Families with tenant-based vouchers can choose any apartment they want, as long as the rent is reasonable and the unit is safe and clean. If the family moves, the rental assistance goes with them.

Application: www.mass.gov/Ehed/docs/dhcd/ph/publichousingapplications/standapp.doc

Alternative Housing Voucher Program (AHVP)

A state-funded rental assistance program for low-income disabled people under the age of 60. The AHVP offers tenant-based vouchers that can be used for any approved apartment.

(All Housing Authorities that are underlined in this section have Section 8 voucher programs)

Youth Independence / Aging-Out**John H. Chafee Foster Care Independence Program**

In December of 1999, the Foster Care Independence Act of 1999 was signed into law. Title I of the Act is the Chafee Foster Care Independence Program (CFCIP). This legislation helps ensure that young people involved in the foster care system get the tools they need to make the most of their lives. They may have opportunities for additional education or training, housing assistance, counseling and other services.

The Act:

- Provides for flexible funding to be distributed to States through grants for program services for youth.
- Provides opportunities for States to serve youth, who are likely to remain in foster care, and those who have aged out of foster care, up to 21 years of age.
- Enables youth to make better choices and accept greater responsibility for their own lives.
- Enables older youth (18-21) to receive housing assistance if needed.
- Provides States the option of allowing these young people to remain eligible for Medicaid up to age 21.
